Dr. Gadsby-Dolly and MOE executives engaged school administrators on matters of safety protocols, infrastructure, attendance schedules and other operational matters at schools. The Education Minister also took the opportunity to interact

with students, reassuring them of the Ministry's efforts to ensure all health and safety systems are operational for their continued educational and physical wellbeing.

Minister Gadsby-Dolly made an appeal to the students to continue practicing health and safety protocols; *"For our schools to remain open, you must take all the necessary precautions while engaging with your classmates and participating in class activities. We will support your principals and teachers as they operate schools during these challenging times of the pandemic."*

The Ministry of Education continues to monitor the operations of all schools closely; these visits play a key role in fulfilling that mandate, and offering much needed support to our Principals, teachers and students
